There were a seasonally adjusted 20,651 residents employed in Q1 16, down 85 jobs or .4% since Q4 15.

There were 11,116 or 118% more people employed in Q1 16 than our lowest point in Q4 09.

Q1 16 is the third highest employment quarter on record since our economic index started back in Q1 08.

El Dorado Hills employment decreased slightly in Q1 16 after seasonal adjustment. With a total of 20,651 residents employed, this is 85 or .4% less than Q4 15. Q1 16 is also 118% higher than the lowest quarter in Q4 09.

The average employment level since Q1 08 tallies at 17,475. This places Q1 16 at 18.2% above the total average for El Dorado Hills’ employment rate, or 3,176 jobs. Considering the average number of residents employed, every quarter since Q1 10 has been at above average employment figures.

In addition to the overall quarterly increase, despite this latest quarter, Q1 16 signifies that jobs are above pre-recession figures as well, marking positive and steady growth expected for El Dorado Hills.
